Assistant Commissioner for Patents
Washington, DC 20231

Dear Sir:

In addition to the references cited in the Information Disclosure Statement filed with the above identified application and the reference cited in the Supplemental Information Disclosure Statement filed on April 22, 2003, Applicant submits herewith documents with respect to which Applicant believes there may be a duty to disclose the existence and contents thereof. These documents are listed on Form PTO-1449 attached hereto.

All of the documents submitted herewith were cited in the International Search Report dated April 23, 2003, for the counterpart International Application No. PCT/US 02/35690.

One of the submitted documents, EP 0 955 093A, is not in the English language. Therefore, Applicant also submits herewith the above-mentioned International Search Report. Thus, the requirement under MPEP 609, III, A(3) ("Concise Explanation of Relevance for Non-English Language Information") is satisfied for EP 0 955 093A.

Another submitted document is a Derwent file including an abstract. It is listed under "OTHER DOCUMENTS" using *exactly* the same description as that in the International Search Report.

The filing of this supplemental information disclosure statement shall not be construed as a representation that a search has been made (37 CFR 1.97(g)), nor as an admission that the information cited is, or is considered to be, material to patentability or that no other material information exists.

The filing of this supplemental information disclosure statement shall not be construed as an admission in any manner.

Copies of all listed documents and the above-mentioned International Search Report are attached hereto.

Initialing of each document after its consideration by the Examiner is now respectfully requested in this matter.

Respectfully submitted,

UOP LLC
